Dear Lillian and Harold;

I received your 'friends' letter and am pleased to be included among them!!

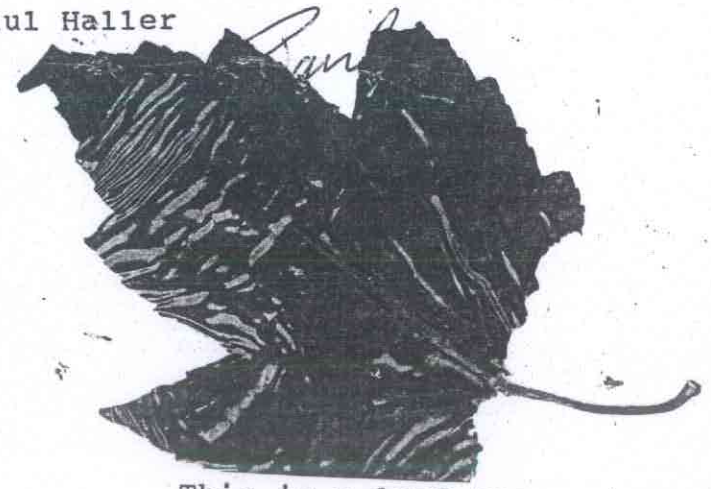
I admire your tenacity in all this and wish you the best!! As I wrote, Mary Ferrell is looking and doing great!! She seems to be thriving now that her burdens have been lifted!! Bless her uncomplaining soul!!!

I hope to see her in the Spring when I attend my little Mexican girlfriends first communion. (in San Antonio.)

If wishes and prayers help, you both should be on the mend!!!!

Best of everything!

Paul Haller



This is a leaf from a tree in my sister's front yard (Minnesota). Autumn was late this year (November) so tardy colors!!!

(MediCARD covers the rest!)

Get Well Soon
